

Giving Hearts Day Warms Our Hearts!

On February 11, 2010, we set out to raise \$4,000 so that we could take full advantage of a special matching gifts program. In the back of our minds, we were hopeful that we could exceed the match amount—you showed us it is good to aim high.

152 donors contributed \$15,653.70 to the Rape and Abuse Crisis Center by participating in the 2010 Dakota Medical Foundation Giving Hearts Day. Our Board and staff are grateful for this incredible show of support. By surpassing the \$4,000 matching dollars available to us, you truly showed us your giving hearts.

Thank you to Dakota Medical Foundation for making Giving Hearts Day an annual event that stimulates giving to the area's non-profit organizations. On behalf of our clients, thank you to both Dakota Medical Foundation and the donors who directed their gifts to our agency.
