

Be A Volunteer Foster with RACC's Safe Haven Pet Fostering Program

Safe Haven's Mission

RACC'S Safe Haven Program helps individuals experiencing violence have a safe shelter for their companion animal while they seek safety for themselves and their animal.

Role of the Volunteer Pet Foster

The volunteer role is simple yet profound: ensuring they feel secure, cared for, and loved until they can reunite with their owners. The need is often sudden and typically no longer than 60 days.

Volunteer fosters ensure the pet has their basic needs met and receives necessary medical attention, love, and support. Safe Haven Pet Program is a confidential program to protect the privacy and safety of the animal, owner, and volunteer foster.

Safe Haven Pet Program Provides

- Food
- Crates
- Litter Boxes and Litter
- Medical Care (vaccinations, physical exams, spay/neuters)
